

Hoop™

Collaborative Table

PRODUCT INFORMATION SHEET

HAWORTH®

Not Your Typical Table.

Hoop is a standing-height table that encourages and supports impromptu collaboration between two to four people. Light-weight and easy to move, its small footprint enables versatility wherever people work—even outdoors. Approachable from all sides, it has a footrest, reminiscent of a bar. From the Haworth Design Studio, Hoop is a unique addition to social and collaborative spaces.

Multi-Use

Hoop can be used alone for small group collaboration or as an accessory within a space. Or, combine multiple tables to support large group applications.

Colorful Accent

This unique, molded meeting surface is available in four colors: Ember, Plaster Smooth, Fog, and Graphite. An optional fabric cover is available in three colors to provide accent: Frost, Misty, and Shadow. Visit Haworth.com to view the color offering.
