

FAST, SAFE AFFORDABLE WORKPLACE DISINFECTION

Up to 99.99% effective sanitization
for COVID-19 and other infections.
Protect your team and provide a
safe working environment.

State-of-the-art SANI-FOGGER system is 360 degrees touchless, so service can occur in offices without affecting electronic devices or paperwork.

SANI-FOGGER offers 300% more surface area disinfection coverage with a 10 minute dry time vs. more laborious & costly janitorial "deep-cleaning."

EPA-registered Citra Cide is Earthsafe, has a 1-minute kill claim for COVID-19 and is safe for most non-porous surfaces. Also kills Noro, Staph, MRSA, HIV & Hep.

- Significantly reduce shut-down time/expense vs. traditional janitorial "spray & wipe" method
- Capacity to treat hundreds of thousands of square feet locally or multi-locations
- 100% safe and nontoxic
- Backside and underside coverage is achieved on equipment, furniture, etc.
- No residue or odor after spraying
- Single-visit & recurring service available

Due to demand and desired immediacy of service, we are scheduling assessments and initial service deployments right now

PRICING

SQUARE FOOTAGE	SELL PER SQUARE FOOT
1,000 – 5,000 sf	\$.48/sf (\$750 minimum)
5,000 – 20,000 sf	\$.40/sf
20,000 – 100,000 sf	\$.37/sf
100,000–250,000 sf	\$.30/sf
251,000–500,000 sf	\$.25/sf
500,000 & over sf	Negotiable

- ▶ 25% deduct of above pricing for quarterly or any 4X over a 1-year period service (1-year contract)
- ▶ 35% deduct for monthly service (6-month contract)
- ▶ 50% deduct for bi-weekly service (4-month contract)

Reminder that sanitization (full scale) does not substitute for conventional cleaning. Conventional cleaning should be performed before sanitization.

Our sanitization is a new essential service.

*Non-union service.
