

Glass-Mounted PPE Stations

PPE Full

DeskView has utilized its award-winning suction technology to address the urgent need of providing PPE to employees, visitors, and customers entering any business in the post Covid-19 era. DeskView PPE Full comes fully assembled and installs on any commercial glass wall or window in under 1 minute. With slots to accommodate (1) three sizes of gloves, (2) four packs of protective masks, and (3) an auto-dispensing hand sanitizer with drip catch to protect floors. The DeskView PPE Full provides all the PPE a medium to large business needs in a compact, easily relocatable package. Can be wall mounted or suctioned to glass.

Dimensions: 40.8" W x 16" H x 4" D.
Includes: Wall-mounting hardware

PPE Compact

DeskView PPE Compact is designed specifically to provide all the PPE a small or medium business might need for its employees, visitors, and customers. The PPE Compact provides slots to accommodate (1) two sizes of gloves or two packs of protective masks, (2) one pack of protective masks, and (3) an auto-dispensing hand sanitizer with drip catch to protect floors. With all DeskView PPE models, the doors are fitted with a screw lock to prevent theft of PPE equipment and the unit. Designed specifically for ADA hallway compliance, the PPE Compact is perfect for front entrances, hallways, and outside lobbies or conference rooms. Can be wall mounted or suctioned to glass.

Dimensions: 25.1" W x 16.2" H x 4.5" D.
Includes: Wall-mounting hardware

PPE Mini

Every business in the post Covid-19 era will need to provide PPE, but your business may not require a full suite of PPE equipment as offered in the PPE Full or PPE Compact. The PPE Mini provides slots to accommodate (1) two packs of protective masks and (2) an auto-dispensing hand sanitizer with drip catch to protect floors. Utilizing our award-winning suction technology, PPE Mini arrives fully assembled, installs in under a minute, and can be removed and moved countless times without issue. The diminutive, scaled-down size of the Mini combined with the sleek aesthetic makes PPE Minis ideal for placement throughout your business. Can be wall mounted or suctioned to glass.

Dimensions: 17.1" W x 16.2" H x 4.5" D.
Includes: Wall-mounting hardware
