Atlanta Braves Spring Training Facility

PROJECT OVERVIEW

BOS Tampa partnered with the Atlanta Braves project team to determine the best furnishings for their new Spring Training facility in North Port, Florida. The 80-acre complex features a 6,200-seat stadium, 55,000 sq. ft. clubhouse containing Major and Minor league clubhouses, athletic training facility and executive offices.

With varied needs for their full-time and seasonal staff and players, the FBI team worked closely with Fawley Bryant Architecture to develop a package that would support the whole Braves organization along with incorporating their current brand.

PROJECT DETAILS

PROJECT SIZE
55,000 Sq Feet

PRIMARY MANUFACTURER
Haworth
