

# Compose

## Systems

Thoughtfully designed and thoroughly adaptable, the Compose panel-based system delivers a consummate combination of refinement and performance. Compose meets a variety of user needs while providing space-efficient solutions.

Compose® systems are manufactured in a zero landfill, ISO 9001 and ISO 14001 certified facility in Holland, Michigan and is transported in freight vehicles with optimized volume for efficient use of loading space. When a product reaches the end of its useful life, customers and partners are encouraged to avoid landfilling and instead pursue second life options.

Material	Material Weight	
Steel	321.18 lbs	(56%)
Particleboard	168.32 lbs	(30%)
Other	25.23 lbs	(4%)
Adhesive	18.96 lbs	(3%)
Aluminum	17.07 lbs	(3%)
Plastic	10.24 lbs	(2%)
Laminate	8.22 lbs	(1%)
<b>Total</b>	<b>569.22 lbs</b>	<b>(100%)</b>

## Certifications

**Greenguard Gold Certified**  
 Certification # 2645-420  
 Refer to [spot.ul.com](http://spot.ul.com) for certificate

**FSC® certified wood is available**  
 as a standard product offering  
 Chain of Custody Code: SCS-COC-001218

**BIFMA Level 3 certified**  
 Refer to [NSF.org](http://NSF.org) for certificate

## Life Cycle Assessment (LCA)

Carbon Footprint	300 kg CO <sub>2</sub> eq.
Acidification	1.00 kg SO <sub>2</sub> eq.
Eutrophication	0.150 kg N eq.
Smog	14.0 kg O <sub>3</sub> eq.
Ozone Depletion	3.80E-06 kg CFC11 eq.

## Impact by Life Cycle Stage

## Material Chemistry

Haworth is committed to providing our customers with products that support safe and healthy environments. We are working diligently toward the ongoing reduction of hazardous chemicals associated with parts and materials we source, as new safer alternatives become commercially available.

These include, among others, PVC, benzidine dyes, hexavalent chromium, certain hazardous phthalates, PBDE flame retardants, and those chemicals known to contribute towards ozone depletion.

We are committed to achieving our goal of being transparent with our customers on our progress.

## LEED v4 Contributions

Compose contributes to LEED v4 Certification through the following credits:

- Low Emitting Materials: Product complies with ANSI/BIFMA e3-2014e Credit 7.6.1, 7.6.2 and 7.6.3
- Building Product Disclosure and Optimization - Material Ingredients: Manufacturer Inventory available

\* Product may support additional credits - contact a LEED AP or [Sustainability@Haworth.com](mailto:Sustainability@Haworth.com) to learn more

- Haworth Banned Chemical List Compliant
- Healthier Hospitals Healthy Interiors Compliant
