

WE'LL TAKE CARE OF YOUR EXISTING FURNITURE.

BOS In-House Decommissioning is part of our promise to deliver a 360° Experience, where you're provided maximum value and minimum risk through a turnkey solution that results in a complete, integrated project deliverable.

With a vast network of brokers, nationwide showrooms, and our new 200,000 square foot, climate-controlled warehouse in Roselle, IL, we can prevent most decommissioned furniture from going into a landfill.

- 200,000 Square Foot Climate Controlled Warehouse
- Fleet of Trucks in Illinois, Orlando and Tampa
- In-House Union and Non-Union Installation Teams
- Decommissioning Specialists On Staff
- Resale, Refurbishing and Blending Capabilities for Best Value
- BOS diverts between 4 and 5 thousand workstations or private offices (totalling over 1,380 tons) from landfills every year.
