

SMB Program Benefits

Exclusive pricing, financing, and service for small to midsize businesses

Haworth’s Small to Midsize Business (SMB) program is available to help you transform your workplace into a space your employees look forward to working in each day. From cleanable fabrics to sit-to-stand desks and work-from-anywhere accessories, your business will yield a return on investment through employee comfort and overall productivity.

Updating your workplace is no small task, but when you take advantage of Haworth’s SMB program, you will get what you need quickly and on budget.

Through Haworth’s national dealer network, we’re available locally to help solve your unique business needs. You’ll get access to special dealer-only pricing with no added shipping fees. Plus, quick, easy, affordable financing is available through Haworth Payment Solutions (HPS).

HPS offers you:

Quick Application

The easy application process is available with same-day credit approval for qualified applications.

Easier Budgeting

Since major expenses are included in one easy monthly payment amount, budgeting the expense over the term of the financing is better on your overall month-to-month budget.

Fixed Cost with Flexible Payment

Payment plans are locked in now, avoiding the risk of inflation in the future and can be structured to meet your needs. Financing terms generally run from 24 to 84 months. With financing, you have use of the products with low monthly payments for the term you choose.

Preserve Available Credit

Financing with Haworth Payment Solutions does not tie up existing lines of credit, so you continue to have available credit from your bank when you need it.

Conservation of Capital

With financing, you are free to spend your cash on other items needed to grow your business. Indirect costs such as taxes and other fees can be included in the final financed amount.
