LOOKBOOK

THE PATH TO YOUR NEXT WORKSPACE STARTS HERE  
Be Inspired at [bos.com](https://bos.com)

## WELCOME

The workplace is an important investment into your team and your business. We invite you to use this lookbook to be inspired and explore a variety of modern furniture solutions and design applications. Each workplace is unique and should cater to the workstyle and culture it supports.

Connect with the team of BOS Workspace Experts today to discuss your next space.

## WORKSTATIONS

Support for all people and workstyles.  
Offering flexibility, user comfort, and  
ergonomic needs.

## PRIVATE OFFICES

Support a dynamic environment and a wide range of workstyles, allowing people to freely collaborate or focus on individual work. Integrated technology, power, and storage options provide the connectivity to engage in a variety of daily activities.

## MEETING SPACES

Designated as areas for collaborative and brainstorming activities, conference and meeting spaces support structured interactions.

These spaces where teams execute strategies together accommodate a variety of needs utilizing both vertical displays and worksurfaces for sharing information.

## C A F É

A multipurpose social hub with access to refreshments, the café encourages interaction and relaxation. It also provides opportunities for informal conversations among cross-functional teams.

## COLLABORATIVE AREAS

Open, flexible space for a variety of activities and group sizes, a community space may offer access to technology, refreshments, and comfortable furnishings. Flexible furniture accommodates different types of collaboration, including activities that inform and connect.

## LOUNGE SPACES

A quiet haven that enables tranquility, rejuvenation, and collaborative work, a retreat empowers choice and fosters well-being. These retreat and focus spaces also provide opportunities for spontaneous interaction or continuing conversation after a meeting.

## TRAINING

A tactical space that easily reconfigures for large and small group work, a training space accommodates a variety of activities through flexible furniture, integrated technology, and work tools.

## ACOUSTICAL & PHONE BOOTHS

All five senses impact the way we experience work. Acoustical products help to promote focus and privacy while removing distractions that might otherwise prohibit productivity and effective collaboration.

## ARCHITECTURAL

Moveable walls give people the ability for simple reconfiguration, providing a space they need to be effective, which typically increases employee engagement and satisfaction.

## OUTDOOR

Areas outside the built environment that connect people to nature foster well-being through inspiration from the world beyond windows and walls. Outdoor spaces also provide alternative places for groups to restore and connect.

## ACCESSORIES

When needing to inject personality and inspiration into a space, look no further than accessories. Accessories are the easiest way to bring a space to life and can help workers feel more at home..

## MATERIAL BOARDS

Collections of fabrics, finishes and materials to help you set the palette for your next workspace.

## THE BOS STORY

A legacy of operational excellence, ownership and delivering flawless workspaces on time and under budget.

Founded in 1948, BOS was the **world's first Haworth Dealer** and remains one of their top dealers globally over seven decades later.

Headquartered in Roselle, IL, BOS Holdings also has inspiration centers, offices and warehouses in Chicago, Madison, Milwaukee, Orlando and Tampa. We have **furnished thousands of workspaces** throughout North America.

We are proud to be a **100% employee owned ESOP organization** since 2012. Over 1/3 of our team members are degreed Interior Designers!

From design to decommissioning, demountable walls to union and non-union install, project management to digital workplaces, **BOS does almost everything in-house to minimize risk and maximize value.** We call this the 360° experience.

Leverage the **deepest discounting** from 350 of the industry's top manufacturers.

**Cutting-edge technology** powers the comprehensive BOS proACT Process. Leverage space visualization tools, live design, customer portals, workplace discovery solutions and more for your workplace project.

## We Lower Your Risk By Doing Everything In House

Only the employee owners at BOS can deliver a true 360° experience.
