BUSINESS

## What Makes Our Team Different?

*We believe in building relationships*

### ◆ INSTALL NETWORK

With six offices and a national installation network, BOS provides white glove installation and project management for our customers throughout the country.

### ◆ KIT OF PARTS

Haworth products are designed to lower long term cost of ownership: Simple kit of parts for administrative areas that are interchangeable across product categories: desks, tables, workstations and moveable walls.

### ◆ EMPLOYEE OWNED

BOS is the only Employee-Owned Dealership in the southeast, providing end-to-end accountability of all team members. BOS has been in business over 70 years as a Haworth Best in Class dealer.

## FOCUSED DESIGN WITH MULTI-FAMILY IN MIND

BOS carries over 350+ furniture and accessories lines to fit the needs and budget ranges of Multifamily clients, from leasing offices to lobbies, business centers and outdoor spaces.

As a Preferred Haworth Dealer, we can provide the best pricing on items within their brand umbrella.
