What Makes Our Team Different?

We focus on Auto Retail

◆ EXPERIENCE

BOS has been working with auto retail dealer partners throughout the country for many years, providing them with compelling furniture, fixtures, and equipment solutions. Creating facilities that enhance your selling process is our specialty.

◆ PROGRAMS

The BOS flagship brand, Haworth, manages program standards for many major automotive brands, and we can also furnish facilities outside of those brands. We are experts in ensuring your compliance with your auto brand program.

◆ BUDGET

BOS can help your dealership stay compliant while meeting the budget you've set for your new build or renovation.

FOCUSED DESIGN WITH AUTO RETAIL IN MIND

BOS carries over 200+ furniture and accessories lines to fit the needs and budget range of any auto dealer. From customer facing to back of house, we have a solution right for you.
